Handbook of Torture and Terror courtesy of US Department of (In)Justice

as salamu alaikum wa rahmatullahi wa barakatu

the american regime under obama has released 4 memos, recently classified as top secret describing in detail the terror and torture mechanism and practices our muslim brothers and sisters, amongst them for example abu zubeydah, may allah (swt) free his shackles and reunite him with his family, around the world have been cruelly and inhumanely subjected to

it makes for quite an interesting and revealing read and really makes you wonder how these people have the audacity to claim to be morally superior to the mujahedeen or the laws of allah (swt) and islam

insha allah the mujahedeen find ways to revenge our brothers and sisters who have endured this torture and terror through the hands of these criminals since the obama regime has already acquitted them from all wrongdoing and is not going to prosecute them

you can download these memos of torture and terror from here

Office of Legal Counsel

Office of the Assistant Attorney General

Washington, D.C. 20530

August 1, 2002

Memorandum for John Rizzo
Acting General Counsel of the Central Intelligence Agency

Interrogation of al Qaeda Operative

You have asked for this Office's views on whether certain proposed conduct would violate the prohibition against torture found at Section 2340A of title 18 of the United States Code. You have asked for this advice in the course of conducting interrogations of Abu Zubaydah. As we understand it, Zubaydah is one of the highest ranking members of the al Qaeda terrorist organization, with which the United States is currently engaged in an international armed conflict following the attacks on the World Trade Center and the Pentagon on September 11, 2001. This letter memorializes our previous oral advice, given on July 24, 2002 and July 26, 2002, that the proposed conduct would not violate this prohibition.

I.

Our advice is based upon the following facts, which you have provided to us. We also understand that you do not have any facts in your possession contrary to the facts outlined here, and this opinion is limited to these facts. If these facts were to change, this advice would not necessarily apply. Zubaydah is currently being held by the United States. The interrogation team is certain that he has additional information that he refuses to divulge. Specifically, he is withholding information regarding terrorist networks in the United States or in Saudi Arabia and information regarding plans to conduct attacks within the United States or against our interests overseas. Zubaydah has become accustomed to a certain level of treatment and displays no signs of willingness to disclose further information. Moreover, your intelligence indicates that there is currently a level of "chatter" equal to that which preceded the September 11 attacks. In light of the information you believe Zubaydah has and the high level of threat you believe now exists, you wish to move the interrogations into what you have described as an "increased pressure phase."

As part of this increased pressure phase, Zubaydah will have contact only with a new interrogation specialist, whom he has not met previously, and the Survival, Evasion, Resistance, Escape ("SERE") training psychologist who has been involved with the interrogations since they began. This phase will likely last no more than several days but could last up to thirty days. In this phase, you would like to employ ten techniques that you believe will dislocate his
